

November 20, 2008

Dear Scout,

My name is Dave Hopkins and I am the President of CampWorks, a camp management company that will be helping the Southern Sierra Council create an exciting new camping program at Camp Kern beginning this summer. Before Camp Kern, I brought this same program to Camp Cherry Valley on Santa Catalina Island for eight years with fantastic reviews from the Scouts and their leaders.

I am very excited about the opportunity to work with the Southern Sierra Council and Camp Kern, and am convinced that we can build one of the best Scout camps in America. However, there is still one thing missing from our program and that is the reason I am writing you today.

The key to making this program and Camp Kern an incredible success is simple... we need a great team of dedicated young men and women like you.

We want staff members who are committed to making Camp Kern a special experience, one which the visiting Scouts talk about for years to come. We want hard workers who value the Scout Oath and Law and are not afraid to put in a full days worth of work. We want young people who have the maturity and attitude to take directions from the camp management, while having the ability to create and communicate new ideas that will improve the camp.

We invite you to interview for a position on the Camp Kern staff this summer. We are looking to fill all camp available positions including Counselor in Training. Please fill out the staff application found at <http://www.sscbsa.org/councilcamps/> and then mail it to:

Dave Hopkins  
2658 West 1025 North
